The Truth About Money Lies
Russ Crosson 2012-02-01 When readers want financial advice (and who doesn't these days?), they turn to experts such as Russ Crosson, CEO of Ron Blue & Co., the highly successful Christian-based financial planning advisory firm. In this important book, Russ teams up with gifted communicator Kelly Talamo to offer readers the truth about popular money lies that influence the spending decisions of millions of

Americans. Through the use of everyday stories about men and women who wrestle with spending decisions everyone faces, the authors expose the lies involved and give truth principles based on the Bible to refute the lies. Common lies include: 10 percent is God's, 90 percent is mine I can't afford to give My security is in my investments My talents and abilities produce my wealth The harder I work, the more money I make Readers will be better equipped to manage money, make informed financial decisions, and use their money wisely as they replace the common money lies they've been taught with the truth of the Bible.

Reimagine Retirement C.J. Cagle 2019-11-05 Americans are crazy about retirement. Everywhere we look there are books, articles, and websites dedicated to the subject—most of which are about how to get there fast, and how to enjoy it when you're there. In this book, Chris Cagle, himself a recent retiree, challenges us to reimagine retirement from a distinctly Christian perspective. In the process, he will challenge our typical view of retirement as the ultimate reward for a life of hard work by asking key questions: What does the Bible have to say, if anything, about retirement? What would a God-honoring and glorifying retirement look like? If retirement is probable for most of us, how should we plan for it as wise stewards of the resources God has entrusted to our care? In *Reimagine Retirement*, Chris answers these and other questions to help us construct a vision of retirement that reflects the values, priorities,

and purposes that are most important to God.

[Ugly Truth Needs to Be Told!](#)

Brenda L. Tress 2026-04-26

There comes a point in every woman's life when silence is no longer an option, a point where the floodgates give way to years of suppressed resentment, a point at which she finds herself marooned on an island with no sign of help in sight. For Brenda L. Tress, this moment came after enduring years of family conflicts, abuse, and intergenerational dysfunction. Her book *Ugly Truth Needs to Be Told* is a vulnerable and impactful memoir that exposes the unseen struggles faced by many mothers, wives, and daughters in private. Brenda, a Deaf woman, mother of three Deaf children, grandmother, and holder of four college degrees, has faced challenges that most people cannot imagine. After thirty years of marriage, she made the difficult choice to divorce,

understanding firsthand what it means to fight for dignity, boundaries, and self-respect. I realized silence only enables the cycle. This straightforward yet impactful truth lies at the core of Brenda's story. For many years, she sought peace by remaining silent to avoid conflict, suppressing her pain to shield others. However, she eventually realized that silence doesn't heal wounds; it allows them to worsen.

PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0

Malik McCotter-Jordan 2021-12-25

I'm not suggesting that you fire your boss, i.e., quit your job. In fact, I advise you to keep your job in this book. I have a job.

That's called having more than one stream of income, and I talk about that in this book.

This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest, him

shamelessly promoting financial firms that he has an ownership stake in and saving 10% to 20% of your income.

This is a raw and real book written by a guy who is only a few steps ahead of you. That's it. I'm not a guru. This is not a scam. I put my heart and soul into making this. I wrote this book as if it was for the 18-year-old me. Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong. I even did what most of these personal finance authors don't have the guts to do. I talk about my personal life and the

mistakes I made that cost me thousands of dollars. That's why this genre is called personal finance, right? I get really personal. Some might say it's too personal. If you're a young man who is tired of being broke, living paycheck to paycheck, not owning any assets, being clueless about taxes, and not being able to get ahead in the United States then this is the book for you. I started off as a poor black boy in a small town in Alabama on section 8. I currently have a 6-figure net worth. If I can do it, you can too. Buy this book today.
