Biological Inquiry Margaret Waterman 2005

Biological Inquiry Neil A. Campbell 2007-12 This workbook offers an investigative case study for each unit of the book. Each case study requires students to synthesize information from one unit of the text and apply that knowledge to a real-world scenario as they evaluate new information, analyze evidence, plot data, or seek explanations. This workbook includes two new case studies: one on avian influenza, and one on hedgehog developmental pathways.

Biology Neil A. Campbell 2005 Neil Campbell and Jane Reece's BIOLOGY remains unsurpassed as the most successful majors biology textbook in the world. This text has invited more than 4 million students into the study of this dynamic and essential discipline. The authors have restructured each chapter around a conceptual framework of five or six big ideas. An Overview draws students in and sets the stage for the rest of the chapter, each numbered Concept Head announces the beginning of a new concept, and Concept Check questions at the end of each chapter encourage students to assess their mastery of a given concept. & New Inquiry Figures focus students on the experimental process, and new Research Method Figures illustrate important techniques in biology. Each chapter ends with a Scientific Inquiry Question that asks students to apply scientific investigation skills to the content of the chapter.
