Making the Law Work for Everyone: Working group reports 2008 "The vast majority of the world's people lives outside the law and thus does not have a chance to better their lives and climb out of poverty. This causes national and global stagnation. The remedy for the exclusion is inclusion through Legal Empowerment of the Poor which is important economically, politically, socially, and morally. The Commission on Legal Empowerment of the Poor (2005) was the first global initiative to focus on the link between exclusion, poverty, and the law, and was hosted by the United Nations Development Program (UNDP) in New York. This first report of the Commission covers the following topics: making the law work for everyone; the four pillars of legal empowerment; legal empowerment is smart politics and good economics; agenda for change; and implementation strategies. The report is based on research, analysis and consultations in more than 20 developing countries, and encourages debates and discussions towards realization of Millennium Development Goals."--Publisher's description.

People v Hardiman, 466 Mich 417 (2002) 2002 118670

Lemon-Aid Used Cars and Trucks 2012-2013 Phil Edmonston 2012-05-19 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.
