Dynamic Group-Piano Teaching Pamela Pike 2017-05-08 *Dynamic Group-Piano Teaching* provides future teachers of group piano with an extensive framework of concepts upon which effective and dynamic teaching strategies can be explored and developed. Within fifteen chapters, it encompasses learning theory, group process, and group dynamics within the context of group-piano instruction. This book encourages teachers to transfer learning and group dynamics theory into classroom practice. As a piano pedagogy textbook, supplement for pedagogy classes, or resource for graduate teaching assistants and professional piano teachers, the book examines learning theory, student needs, assessment, and specific issues for the group-piano instructor.

Contemporary Class Piano Elyse Mach 2022 "Contemporary Class Piano, ninth edition, enables class piano students to master the full range of skills needed to succeed in the two-semester class piano course. It provides all the tools needed for mastery, including a wide repertoire of practice exercises and pieces, duets for students to performance together, performance tips, and creative exercises. Unlike other class

piano texts, Contemporary Class Piano emphasizes creativity over rote learning and covers the full range of basic to advanced skills, eliminating the need to buy additional texts. Acclaimed for its creative approach and diverse repertoire, Contemporary Class Piano provides a student-friendly introduction to basic piano skills. In short, progressive chapters that mirror the standard two-semester curriculum, it explains the essential elements of piano playing, incorporating diagrams, practice exercises, and musical examples that help students build proficiency and confidence with a variety of chord patterns, major and minor scales, and accompaniments. Because most class piano students aspire to be music teachers, the emphasis is on developing functional skills that they will need to master in order to play the piano in their classrooms"--

Contemporary Class Piano Elyse Mach 2010-04-20 Contemporary Class Piano is designed for basic introduction to class piano courses, taken by non-music majors with no music background at all and by music majors with no piano experience. Piano pieces in the text include classical, folk, jazz, pop, and blues, providing diversity bound to engage any beginner. In addition to classical repertoire, the text includes student-friendly contemporary pieces, with numerous examples and exercises that allow students to play with both hands early on.

Throughout its several editions, the text has gained acclaim for its richly diversified styles of repertoire and ensemble pieces and its abundance of

creative materials, such as the 12-bar blues, pentatonic, and 20th-century improvisations. This text provides a rudimentary introduction to the keyboard, explaining the essential elements of piano playing such as note reading, keyboard posturing, tempo markings, and the five-finger pattern. Through diagrams, practice exercises, and musical examples, this text introduces students to a variety of chord patterns, major and minor scales, and accompaniments. Worksheets at the end of each chapter provide the student with further practice opportunities.
