Crimes of Passion Since Shakespeare Adrian Howe 2023-04-28 Bringing key Shakespeare texts into dialogue with feminist socio-legal research, this book investigates the notion of a ‘crime of passion’ – indicatively, wife-killing. Its key concern is to bring attention to a cultural and legal revolution widely overlooked even in the law field where it occurred. In 2009, the English Parliament passed a controversial law abolishing the defence of provocation. Explaining the new law, reformers said that this so-called ‘heat of passion’ defence had allowed men to get away with murder by blaming the victim. Abolishing it in cases of alleged ‘infidelity’ would ‘end the culture of excuses’. Unpacking what was at stake in the reformers’ revolutionary challenge to the English law of murder’s age-old concession to ‘human frailty’ in ‘red mist’ rage cases, this book charts passion’s progress in wife-killing cases over the centuries. It commences in the early modern era when jurists were busy distinguishing murder from manslaughter and, contemporaneously, Shakespeare set about querying culturally inscribed excuses for femicide in his plays, *Titus Andronicus* and *Othello*. This book will appeal to feminist and socio-legal scholars, criminologists and those working in the fields of law and literature, legal theory and Shakespeare studies. More widely, it will appeal to anyone interested in so-called ‘crimes of passion’.

Reformed Confessions of the 16th and 17th Centuries in English Translation James T. Dennison 2008 This is the first of a projected three volume set, which compiles numerous Reformed confessions of the sixteenth and seventeenth centuries translated into English. For many of these texts, this is their debut in the Anglo-Saxon vernacular. It provides the English-speaking world a richer and more comprehensive view of the emergence and maturation of Reformed theology in these foundational centuries – foundational centuries for Reformed thought and foundational summaries of Reformed doctrine for these centuries. Each confessional statement is preceded by a brief introduction containing necessary historical and bibliographical background. The confessions are arranged chronologically, with this first volume presenting thirty-three documents covering the years 1523–1552.

Quran: A Simple English Translation (Goodword ! Koran) Maulana Wahiduddin Khan (Translator) 2013-12-19 The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man’s discovery of truth on both spiritual and intellectual planes. Every book has its

objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, *tawassum*, *tadabbur*, and *tafakkur*, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhmmad

Translation and Stylistic Variation Helen Gibson 2023-09-01 Translation and Stylistic Variation: Dialect and Heteroglossia in Northern Irish Poetic Translation considers the ways in which translators use stylistic variation, analysing the works of three Northern Irish poet-translators to look at how, in this variety, the translation process becomes a creative act by which translators can explore their own linguistic and cultural heritage. The volume offers a holistic portrait of the use of linguistic variety – dialect and heteroglossia – in the literary translations of Seamus Heaney, Ciaran Carson, and Tom Paulin, shedding light on the translators’ choices but also readers’ experiences of them. Drawing on work from cognitive stylistics, Gibson reflects on how and why translators choose to add linguistic variety and how these choices can often be traced back to their socio-cultural context. The book not only extends existing scholarship on Irish-English literary translation to examine issues unique to Northern Ireland but also raises broader questions about translation in locations where language choice is fraught and political. The volume makes the case for giving increased consideration to the role of the individual translator, both for insights into personal choices and a more nuanced understanding of contemporary literary translation practices, in Ireland and beyond. This book will be of interest to scholars working in translation studies, literary studies and Irish studies. Italian Literature Before 1900 in English Translation Robin Healey 2011-01-01 "Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English, and published between 1929 and 2008. It lists works from all genres and subjects, and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators, and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors - Dante Alighieri, [Niccoláo] Machiavelli, and [Giovanni] Boccaccio - and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth-Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature."--Pub. desc.

THE COMPLETE SAGA IN NEW UNABRIDGED ENGLISH TRANSLATIONS The Rocambole Saga The Rocambole adventures were first published in instalments in various French feuilletons, as supplements to newspapers. This was an extremely popular format in 19th Century France as well as in other countries. Novels such as Dumas’ “The Count of Montecristo”, Sue’s “The Mysteries of Paris” and Feval’s “Le Bossu” (“The Hunchback”) were first published in instalments and later reprinted as books. From 1857 to 1870, the year before the author’s death, Ponson du Terrail wrote thousands of pages chronicling Rocambole’s adventures, first as a master criminal, then as a defender of justice. The novels also offer an eye-opening account on how society was structured in 19th century France with stark divisions between nobility, rich businessmen and the working classes. Far from being outdated, these novels feel as fresh today as when they were written over 150 years ago. About the Author Pierre Alexis Ponson du Terrail was born in France in 1829. From 1850 he started writing serials for several newspapers and in 20 years will write over 200 novels! In 1857 he created the character of Rocambole, which will go on to achieve great success all over the world. The word “rocambolesque” is still used nowadays in many languages to describe fantastic, incredible adventures and scheming plots. With Germany’s invasion of France in 1870, Ponson du Terrail joins the resistance but a sudden illness strikes him and he dies in January 1871. The ROCAMBOLE SAGA in our catalogue includes the following ebooks: Series 1 - Legacy of Blood Series 2 - Knaves of Hearts Series 3 - Adventures of Rocambole Series 4 - Rocambole's Redemption Series 5 - Rocambole's Resurrection Series 6 - Rocambole's Last Word Series 7 - Rocambole in London Series 8 - Rocambole in Prison Series 9 - Rocambole and the Hangman's Rope
