A Practical Guide to Early Childhood Planning, Methods, and Materials

Evelyn A. Petersen 1996 This very practical "Guide" is aimed at helping pre-service and inservice teachers put early childhood theories and information into daily practice.

Aimed at long range, short range and daily lesson planning, it's coverage of such topics as "How to Plan and Document Individualized Teaching" and "Creating Developmentally Appropriate Lesson Plans" should be useful to anyone working with young children. An excellent, very complete book with step-by-step suggestions for "real
