Illustrated Guide to the National Electrical Code Charles R. Miller 1999 Illustrated Guide to the NEC represents a dramatic blend of new presentation styles with tried-and-true teaching practices. This text teaches through visualization. Technically accurate, highly detailed illustrations offer insight into Code requirements, and are further enhanced through clearly written, concise blocks of text which can be read very quickly and understood with ease. Information formerly scattered throughout the Code book has been logically gathered and concentrated under the appropriate occupancy: one-family dwellings, multi-family dwellings, illustrated accordingly. After presentation, summaries review the material, while competency tests reinforce what has been learned. Illustrated Guide to the NEC offers a visually pleasing format which stimulates interest and facilitates comprehension, making both teaching and learning easier and more enjoyable.
