Trauma and Resilience in Music Education

Deborah Bradley 2021-10-31 *Trauma and Resilience in Music Education: Haunted Melodies* considers the effects of trauma on both teachers and students in the music classroom, exploring music as a means for working through traumatic experiences and the role music education plays in trauma studies. The volume acknowledges the ubiquity of trauma in our society and its long-term deleterious effects while showcasing the singular ways music can serve as a support for those who struggle. In twelve contributed essays, authors examine theoretical perspectives and personal and societal traumas, providing a foundation for thinking about their implications in music education. Topics covered include: Philosophical, psychological, sociological, empirical, and narrative perspectives of trauma and resilience. How trauma-informed education practices might provide guidelines for music educators in schools and other settings. Interrogations of how music and music education may be a source of

trauma Distinguishing itself from other subjects—even the other arts—music may provide clues to the recovery of traumatic memory and act as a tool for releasing emotions and calming stresses. *Trauma and Resilience in Music Education* witnesses music’s unique abilities to reach people of all ages and empower them to process traumatic experiences, providing a vital resource for music educators and researchers.

Common Core Curriculum Maps in English Language Arts Great Minds 2011-10-13 The first books to present specific guidance for teaching the Common Core State Standards. Forty-three states plus D.C and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards (CCSS). The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers, for teachers, the research-based curriculum maps in this book present a comprehensive, coherent sequence of thematic

units for teaching the skills outlined in the CCSS for English language arts in Grades 6-8. Each grade is broken down into six units that include focus standards, suggested works, sample activities and assessments, lesson plans, etc. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. The maps address every standard in the CCSS, yet are flexible and adaptable to accommodate diverse teaching styles. Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards.
