**Bearback** Dr. Pat Garrod 2017-11-17 'Inspired', 'enthraling' and 'stylish' are just some of the words used to describe the first edition of Bearback. Now in paperback, Pat Garrod's remarkable story is set to be discovered by even more travellers.. Imagine jacking it all in, packing your life into a 41-litre pannier and riding into the sunset. Bearback is the story of two GPs who did just that, downing stethoscopes to take off on their motorcycle, The Bear, to see the world. Across the deserts of Africa, over the mountains of the Andes, deep into the jungles of Indochina, and beyond the Arctic Circle; 100,000 miles through six continents and 64 countries. A circumnavigation of epic proportion and entirely unsupported, it was to become one of the longest journeys ever undertaken by a couple on one motorcycle, a journey destined to change their lives forever. 'A remarkable journey. Searching, honest, uplifting' - Sir Ranulph Fiennes 'An inspired travelogue, dispelling the myth that remarkable journeys are out of your grasp' - National Geographic Traveller 'Belts along at a cracking pace. Stylish and good quality' - RIDE 'I didn't want this enthralling book to end. If you only read one travelogue this year, make it this one' - Real Travel, Book of the Month 'We've all dreamed about it - quitting the job, packing up the house, and hitting the road for the adventure of a lifetime. Few do it, and even fewer do it as well as Pat Garrod' - Travel Africa Magazine

*BMW K100 & 75 Owners Workshop Manual* Jeremy Churchill 1988

**BMW Motorcycles Workshop Manual R50 R50S R60 R69S** Floyd Clymer 2007-03 A faithful reproduction of the 1967 Floyd Clymer publication of the official factory BMW (Bayerische Motoren Werke) Workshop Manual for the R50, R50S, R60 and R69S twin cylinder motorcycles. It also includes the supplement issued by the factory for the USA versions R50US, R60US and R69US. --- There are exhaustive tables of technical data, tolerances and fits and all of the expected data from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components, making it an invaluable resource for collectors and restorers of these classic BMW motorcycles. --- There are 257 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from German to English is, at times, a little quirky but the profuse illustrations make up for any difficulty in understanding what needs to be done! --- True to the original, this reproduction is published in four languages, English, German, French and Spanish making this a universal publication and required reading for any owner. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all BMW enthusiasts worldwide.
