Code 13 Paul Gilmour 2020-05-16 A sequel to "Jeremiah's Codes". The young players of a Ghana football team die in horrendous circumstances ... A secret island facility in the Remote South Pacific Ocean is ambushed by an elite commando unit. An artefact of extra-terrestrial origin is stolen ... A British soldier is brutally tortured using mysterious and terrifying technology ... A Chinese city of millions is obliterated by unknown forces ... Something evil is in motion around the world. One man holds the key to stopping it but he doesn't know it ... yet! Four years ago, Jon Bennett had executed the six commanders of The Trust and crippled their plan to annihilate six billion people. Jeremiah's Codes were no longer a threat and more importantly his code, The Thirteenth, was no longer a target ... or so he believed. Unbeknownst to Bennett, his involvement had all been part of a greater plan. He'd served his purpose as a deliberate cog in a wheel manipulated by those closest to him. As the world edges dangerously closer to nuclear war, the truth awaits him in a reality nothing will prepare him for. Is Humanity ready to learn the Truth?
