CSET Mathematics Book + Online Kathryn Porter 2017-04-24 CSET Mathematics Test Prep with Online Practice Fifth Edition - Completely Aligned with Today's Exam REA's CSET Mathematics test prep is designed to help teacher candidates pass the CSET and get certified to teach secondary school mathematics in California. This Book + Online prep pack is perfect for teacher education students and career-changing professionals who are seeking certification as California math teachers. In fact,

it's a great resource for reviewing mathematics for anyone interested in teaching! Written by a California-based math educator with years of experience teaching and advising future elementary and secondary school math teachers, this new edition is fully aligned with the latest test framework and California's Common Core State Standards. Our in-depth review covers all the content domains and topics tested on the CSET Mathematics exam's three subtests-- Subtest I: Number and Quantity & Algebra, Subtest II: Geometry and Probability & Statistics, Subtest III Calculus. Examples and exercises reinforce the concepts taught in each chapter. An online diagnostic test based on actual CSET Math exam questions pinpoints strengths and weaknesses and helps you identify areas in need of further study. Two full-length practice tests (one in the book, another online) are balanced to include every type of question on the exam. Our timed online tests feature automatic scoring and diagnostic feedback to help you zero in on the topics and types of questions that give you trouble now, so you can succeed on test day. (Note: Your digital practice is delivered via a scratch-off access code on the inside front cover; this code is available only with new purchases.) This test prep is a must-have for anyone who wants to become a California math teacher!

Cset Mathematics Study Guide I Christopher Goff 2011-04-01 I wrote this book to prepare California middle and high school mathematics teachers to take the three CSET (California Subject Exam for Teachers) tests in Mathematics. Teachers must pass the first two to be considered "highly qualified" to teach "foundational-level" mathematics and must pass all three to be "highly qualified" to teach any advanced high school mathematics course. These materials were developed through the Lincoln Achievement in Mathematics Partnership, a California Mathematics and Science Partnership, which hired me as a consultant to help prepare Lincoln USD teachers for the CSET tests. As an Associate Professor at the University of the Pacific who is interested in and has a wide variety of experience in teacher training, specifically as it relates to deepening the content knowledge of teachers, I was an ideal candidate to prepare these materials. *CSET Mathematics* Editors of Rea 2007-09 Take your teaching career to the head of the class. CSET MATHEMATICS GRADES 7-12 For California Licensure Are you prepared to excel on the CSET? * Get to know the test, how it is scored, and much more. * Set up a study schedule by following our flexible, results-driven timeline * Take one of the practice tests to discover what you know and what you should

know for that test * Use REA's advice to ready yourself for proper study and success Sharpen your knowledge and skills * Book content covers all three mathematics subtests—both multiple-choice and constructed response questions. Fully aligned with California competency requirements for certification * Lessons reinforce necessary skills * Key tutorials enhance specific abilities needed on the test * Targeted drills increase comprehension and help organize study Take Practice Tests * Create the closest experience to test-day conditions with two full-length practice tests * Chart your progress with full and detailed explanations of all answers * Boost confidence with test-taking strategies and experienced advice REA books and software have proven to be the extra support teacher candidates need to pass their challenging test for state licensure. Our comprehensive study guides are teacher-recommended and written by educators who have mastered the test and the related program of study.
