Hard Ride Jayne Rylon 2019-07-12 There's a thin line between love and hate. Kyra Kado hates Van Hernandez. Or at least she wishes she could. Ever since she kissed him and he rejected her as a "mistake", things have been tense onboard their tour bus. Kyra takes out her aggression during her drumming performances as a member of Kason Cox's band and tries not to think about how well Van guards her body between their shows. Until she meets Ollie Dawes, who's the perfect distraction. Funny, flirty, and cute AF, he takes her mind off Van. The Hot Rides salvage man is used to being alone on his solo part-finding missions, but she suspects he'd rather not be lonely anymore. She can relate. So she invites him to come see a show. When Van discovers Kyra and Ollie performing an illicit encore together, he goes berserk. Distancing herself from Van might keep Kyra's heart safe, but what about her body? A string of unsettling incidents make Kyra afraid one of her admirers has crossed the line from fan to fanatic. With Ollie and Van teamed up to protect Kyra, she isn't sure she'll survive being torn between the two men she craves. She might have to sacrifice her friendships with them to stay sane, unless she can think of a way to keep them both in her life or in her bed.

Grind Jayne Rylon 2020-10-19 The original Powertools crew are back in a brand new series! The crew has overcome enormous odds to live and love together. Can it survive being divided? Dave knows where he's needed most is back home, helping his wife rebuild her business—and her dreams—which burned to the ground while they were partying with friends. But is it right to expect their friends Devon, Neil, and James to be there too if it means giving up opportunities to join Mike and Joe on the project of a lifetime in Middletown? And how will they manage on their own if not? Resentment could be the final nail in the crew's coffin if they can't find a way to move forward together. Because in addition to their careers, the Powertools' intimate bond is in jeopardy. It's up to them to find a way to strengthen it even if it means grinding away at the past in order to prepare for a bright future. This is a standalone book set in the Powertools universe. All your favorite Hot Rods and Hot Rides characters will be making appearances as well. So come make new book boyfriends or hang out with old ones!

Rough Ride Jayne Rylon 2019-11-12 Sevan has been keeping secrets. She's not the errand boy everyone at the Wildfire outlaw motorcycle gang thinks she is. No, she's been playing a dangerous game, hunting their president from inside their ranks in the name of revenge. And if anyone finds out, they won't hesitate to kill her. Levi Jansen has always been drawn to Sevan, even when he thought she was a scrawny male mechanic named Rivet. He can't blame her for that since he's been hiding plenty too. As an undercover agent, he's relied on his tenuous partnership with ex-con, Ransom, to infiltrate Wildfire and build an ironclad case against them. As the three of them swirl deeper into darkness, they'll need to rely on each other to find their way out, and back home to Hot Rides. Otherwise they're doomed to become exactly what they've been fighting so hard to defeat. Allowing themselves to be distracted by desire would be the stupidest thing they could do. Unfortunately, it's impossible to ignore the sizzling attraction between them, complicating everything. This is a standalone book in the Hot Rides series and includes an HEA with no cheating. The series is part of the greater universe where both the Powertools and Hot Rods books are also set, so you can visit with many of your previous favorite characters and see what they're up to now!

Pound Jayne Rylon 2021-01-19 The original Powertools crew are back in a brand new series! When James was a kid, he aspired to be a superhero's sidekick. He's never enjoyed being the boss. Not on while working for the Powertools and not in his love life. Fortunately, his husband and wife are far better at assuming control than he is. With each of his spouses stepping up to be the foreman of their own crews, James is left wondering what there is for a cute, hyper-organized, former construction worker to do in Middletown. Sure, he could play house husband for his spouses, and the rest of their sometimes lovers, while taking care of their ever-expanding family. But after decades of swinging a hammer for a paycheck, he's hungry for a

higher purpose. James has read enough comic books to know he should be careful what he wishes for. Because when someone threatens one of their own, he will do anything—including calling in some of their more qualified friends to help—in order to figure out who wishes they would turn around and go home before they've barely unpacked their moving boxes. This is a standalone book set in the Powertools universe. All your favorite Hot Rods and Hot Rides characters will be making appearances as well. So come make new book boyfriends or hang out with old ones!

Drilled Jayne Rylon 2020-08-11 The original Powertools crew is back in a brand new series! Starting over is never easy. Especially when it means leaving your friends and lovers behind. An accident on the Hot Rods construction site draws Mike to Middletown. Not to assume his role as foreman, but to help his best friend, Joe, learn the ropes. It's his turn to be caught off balance when his wife delivers shocking news. The rest of the Powertools crew join them to attend a wedding at their friends' motorcycle garage, Hot Rides. The night could change everything—both personally and professionally. Because while celebrating their friends' new commitment, it's nearly impossible to deny the strength of their own complicated bonds or the fact that they're evolving. Their marriages, their friendships, and their futures hang in the balance. At the end of the festivities, who will stay and who will go? This is a standalone book set in the Powertools universe. All your favorite Hot Rods and Hot Rides characters will be making appearances as well. Some come make new book boyfriends or hang out with old ones.

Claimed Jayne Rylon 2022-08-16 Sometimes love is messy. Especially if three shattered souls are involved. When Karolena answered an ad for a live-in housekeeper responsible for taking care of at least a dozen guys, she was obviously desperate. Although she hadn't realized they were spies and assassins when she accepted the position, it could work out for the best since the Shields' headquarters might be the only place she's safe from the evil ex hunting her. That is, if she doesn't give in to the two agents that live across the hall who tempt her to do things that could be dangerous to her still healing heart. Tavish is more than willing to show Karolena a good time so long as that's as far as it goes. He's learned the very hard way that it's fine to sleep with women, or men, so long as you don't trust them. That's only because Tavish's partner—both in the field and the bedroom—has always made sure his judgement isn't compromised when they surrender to their non-traditional urges together. Legend is the one person Tavish is certain has his back since he's proved it over and over on life or death missions yet still, he's not able to give the man the affection he deserves along with plenty of satisfaction. So when they find themselves entangled with their housekeeper, and her ties to the mafia, they have to decide whether she's capable of bringing the three of them together permanently or whether they have to get rid of her before she wrecks them for good. The next multipartner romance in NYT and USA Today bestselling author Jayne Rylon's fan-favorite Powertools Universe. Visit your favorite characters or meet new ones in this interconnected why choose standalone in the Powertools: The Shields polyandry ménage series.

Kayla's Gift Jayne Rylon 2017-04-13 One blizzard, two days, three men to keep her warm. Naked is Kayla's style. She's exposed to bare skin more than the average person—like when she's up to her elbows in massage oil, soothing the tired muscles of the construction crew building her new spa, a barter to offset some of the cost. Once it's finished, she plans to open a private retreat for fellow naturists. It should be a routine service. Yet for some reason, caressing the man on her table is blurring her normally crystal-clear distinction between nudity and sexuality. And stirring up kinky fantasies involving the rest of the crew. She never intended to share details about her lifestyle-slash-business plan, not even with the open-minded, sexy crew. But when a faulty truck engine and one hell of a snowstorm trap the three men at her cabin, heat

sears away her cover story—and her inhibitions. Cocooned in blissful isolation, Dave, Neil and James show her that passion knows no barrier, with or without clothing. Leaving Kayla wondering if two days of mutual satisfaction will ever be enough... Warning: This book features a m/m/m/f ménage hot enough to melt an entire blizzard's worth of snow and ice.

Found Jayne Rylon 2021-04-13 From New York Times and USA Today bestselling author Jayne Rylon comes a steamy new multi-partner standalone series set in the Powertools universe. The Shields security team accepts missions in the grey area of both law and morality that no one else wants or can handle. They're a ragtag bunch of special ops soldiers, ex-government agents, and hackers wrangled by a former construction worker who aspired to be a superhero's sidekick when he grew up. What could go wrong when they turn their sights on a human trafficking ring that might have been the reason their coordinator's sister disappeared nearly thirty years ago? Nolan Skalbeck is sure their assignment is a bad bet. Regardless of whether or not they find the hauntingly gorgeous woman their artist sketched or not, the horrific things he discovers about the operation they've infiltrated convinces him they have to shut it down for good by whatever means necessary. What he doesn't expect is to fall for a woman who already has a partner, and is willing to share him with Nolan. Once he has, it will take every bit of his strength and training to keep from losing them both. Even if he's successful, how will he convince them, himself included, that he's not a horrible person—like the ones they've been surrounded by for most of their lives—even though he hunts and destroys evil bastards for a living?

Four Love Jayne Rylon 2020-03-31 The Ever & Always Duet concludes with Four Love... Holly has never been more scared in her life. She's hoping that the bad guys attempting to bank off her realize—like she has—that her temporary husband doesn't care for her as anything more than a way to cash in on his inheritance and amuse his roommates in the process. Even if she makes it out alive, she won't ever be whole. Not unless Trent, Lorenzo, and Owen suddenly decide that the stakes in the game they were playing are a lot steeper than can be paid for with money. This time, they're gambling everything on love. Four Love is the conclusion of the Ever & Always Duet, and should be read following Four Money.
