*Fundamental Accounting Principles*, 16e by Larson, Wild, Chiappetta is one of the most contemporary principles of accounting texts on the market. Its innovation is reflected in its extensive use of entrepreneurial examples, the integration of new computerized learning tools, and a highly engaging, pedagogical design. The new incorporation of the Topic Tackler / Accounting Cycle CD-ROM provides students with yet another advantage as they strive to understand the key concepts of accounting and their role in business. Our revision plan was devised with feedback from both users and non-users including focus groups from around the country. With years of research studying this market, our author team makes the 16th edition of *Fundamental Accounting Principles* one of the most innovative and reliable principles of accounting texts in the market.
