Abuses in Federal Student Grant Programs Proprietary School Abuses United States. Congress. Senate. Committee on Governmental Affairs. Permanent Subcommittee on Investigations 1996 The purpose of this hearing was to probe a pattern of fraud and abuse in the Pell Grant Program for postsecondary students, focusing specifically on the IADE American

Schools, a for-profit vocational school with campuses in the Los Angeles (California) area and serving primarily Hispanic students. In his opening remarks Senator Roth detailed a history of prior abuses of the program and lax oversight by the Department of Education. Senator Nunn, after summarizing a five-year series of hearings, reports, and recommendations, testified that a year-long investigation of the IADE schools had uncovered serious misconduct, abuses, and possibly fraudulent practices. He charged that the Department was not only incapable of preventing a fraudulent institution from participating in student aid programs but was also unable to detect or pursue such fraudulent activities. Following the senators' opening statements, the Subcommittee team investigating IADE schools reported its findings. David Longanecker, Assistant Secretary for Postsecondary Education, then reviewed the Department's procedures and policies, stating that oversight was being improved. The final

testimony was a report from the U.S. General Accounting Office assessing the Department's effectiveness in using student aid data to ensure compliance and prevent abuses. An appendix contains the texts of the witnesses' prepared statements. 56 exhibit statements are listed separately. (CH)

OB: The Essentials Stephen P. Robbins
2015-05-20 Robbins: Leading the way in OB
Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the

Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books - this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that

they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt.
