Reference Book Dun and Bradstreet, inc 1929 Issued in 3 sections, covering the 50 states and the District of Columbia, arranged alphabetically.

The Automotive Industry and the Environment Paul Niewenhuis 2003-08-15 Building on a wealth of research, *The Automotive Industry and the Environment* addresses current challenges in the automotive industry and how they can be met. The authors discuss the development of the automotive industry and the problems it

currently faces and consider possible solutions. The book reviews trends in more environmental-friendly technologies, such as the use of more sustainable fuel sources and new types of modular designs with built-in recyclability. The book also describes new models of decentralized production, particularly the micro factory retailing (MFR) model, that provide an alternative to volume production and promise to be both more sustainable and more profitable.

The Car Book, 1998 Jack Gillis 1997-11-27 Completely updated, *The Car Book 1998* provides more of the information new car buyers want in a user-friendly format that stands head and shoulders above the competition. Divided alphabetically by maker and then model, the guide contains full-page entries for 140 new cars and minivans, featuring a brief narrative summary and photo of each model.
