Learn all about the fields of economics, microeconomics, macroeconomics, finance, and capital markets with hundreds of videos, articles, and practice exercises. Content in this domain covers courses from ... Aug 20, 2023 · Economics is a social science discipline that investigates how individuals, businesses, governments, and societies allocate scarce resources to satisfy their unlimited desires and needs. In the 20th century, English economist Lionel Robbins defined economics as “the science which studies human behaviour as a relationship between (given) ends and scarce means which have alternative ... Mar 22, 2026 · Economics is a social science that studies how individuals, businesses, governments, and nations make decisions about allocating limited resources. It examines how goods and services ... Economics can be defined in a few different ways. It’s the study of scarcity, the study of how people use resources and respond to incentives, or the study of decision-making. It often involves topics like ... What is Economics? Imagine you are a Martian arriving from outer space on planet Earth. After landing you start to observe earthlings engaging in the production and exchange of goods and services. ... Economics is the study of how humans make decisions in the face of scarcity. These can be individual decisions, family decisions, business decisions or societal decisions. Economics is the study of how we make choices in the face of scarcity and how those choices motivate behavior. As individuals, families, and nations, we confront difficult choices about how to use limited ...
