To Broaden the Way Galia Patt-Shamir 2006-01-01 To Broaden the Way suggests that the texts of both the Jewish and Confucian tradition talk in riddles of a special kind: riddles, which are introduced - and answered - by religious forms of life. Using a 'dialogue of riddles, ' Galia Patt-Shamir presents a comparative perspective of Confucianism and Judaism regarding the relatedness between contradictory expressions in texts and living conflicts. The Confucian riddle is characterized here as a mystery to be deciphered by self-reflection, under the assumptions of a harmonious community, and a unity of being. The Jewish riddle is characterized as a test to be responded to, under the assumption of a disharmonious community, and a necessary rapture in reality. This book expands the dialogue between traditions, and offers both a method and an implication of the question, 'what is religion about?'

Seven Constructivist Methods for the Secondary Classroom Ina Claire Gabler 2003 Designed especially for secondary teachers, this book grounds a constructivist approach in 7 discrete instructional methods. These student-centered methods, with accompanying planning templates, range from various types of discussions and interactive mini-lectures to independent student exploration. The book discusses in detail 13 techniques that carry out methods, from questioning and personalizing to heuristics and role-playing. Secondary school teachers and administrators.

The Hungering Dark Stephen R. Clark 2016-06-30 "I don't know what it is or what it isn't. I don't know how it works or functions. I don't know if it's magic, pure evil straight from hell, alien, or what. All I know is what it does when the lights go out. And I know I never want to be in the same room with it in the dark." A mysterious and deadly threat—housed in a strange puzzle box—has found its way to the humble town of Timbuk, Pennsylvania. The object's origins reach all the way back to Moses, the plagues, and Pharaoh's wicked magicians. For centuries, secret groups have been hunting the box and its contents. One group allegedly seeks to destroy it. The other—called the Descendants—seeks to use it to visit revenge on the Jewish people. Now fate has placed the box in the hands of an unassuming Christian family, a small-town sheriff, a female state trooper, and a professor of biblical archaeology. Realizing the power the puzzle box holds, they must do everything they can to keep their community—and the world—safe from the deadly darkness.

Nelson Paige and the Dream Catcher B J. Lamberti 2008-03 Slowly, he pulled himself upward into a sitting position, his hand inching its way under the pillow. Locating the dream catcher, he wrapped his finger around it. Carefully, he twirled it around and placed it close to him, looking through the web of sinew. This was a gentle night of his childhood when he was able to visit another time in history. The dream catcher allowed him to travel the path of People of the Plains. Here he meets Tinkling Bell, Buffalo Woman, Buffalo Calf, and Painted Face. Nelson Paige and the Dream Catcher is the second in a series of four historical novels.
