Laboratory Manual for Science □ 10 A. K. Raj
Laboratory Manual for Science is a series of five
books for classes 6 to 10. These are
complimentary to the Science textbooks of the

respective classes. The manuals cover a wide
range of age-appropriate experiments that give
hands-on experience to the students. The
experiments help students verify scientific truths
and principles, and at the same time, expose
them to the basic tools and techniques used in
scientific investigations. Our manuals aim not
only to help students better comprehend the
scientific concepts taught in their textbooks but
also to ignite a scientific quest in their young
inquisitive minds.
