To meet examination and other curriculum requirements, senior students need to make connections beyond the text - to themselves, other texts and the wider world. This series aims to guide them to make those connections in a purposeful and meaningful way. Structured around a rich and thought-provoking theme, each book begins with a particular text before it explores possible subthemes and texts for comparison. Information sheets draw together the rich range of creative, insightful ideas presented and worksheets help students to consolidate the information and practise their connection-making skills.
