Variations for each project give readers the chance to experiment with many techniques. Aspiring wireworkers will learn, practice, and reinforce skills with a rewarding result: fun, wearable wire jewelry! *Wire Wrap Jewelry Making* Chloe Ethan 2021-03-16 In simple terms, wire wrapping is taking wire and wrapping it around itself and/or beads and other components to create jewelry. Wire wrapping can be used to make a loop for joining different components together, such as when creating a wrapped wire loop or wrapping a pendant. Through wire wrapping, you can also secure beads to a form, or even attach non bead items such as wire wrapping rhinestone cup chain onto a bangle. When wrapped, curved, bent and manipulated, the wire itself can become the structure and foundation of your piece or act as a design detail. Wire wrapping lets you create custom shapes and angles, and gives you more ways to use different components together. These techniques can incorporate anything from gemstone beads, gemstones cabochons to charms and just pure wire work. In this book, I will be giving out everything you need to make great wire wrap jewelry projects. You will learn about the tools, materials, designs, patterns and techniques, tips to access different areas of wire wrapping and is accessible to all levels of jewelry makers. This book contains everything you need to know about making awesome wire wrap jewelries like rings, bangles, bracelets, earrings etc. GET YOUR COPY NOW!!! by clicking the "buy now" button and become a pro in making awesome wire wrapped jewelries.
