Mid-Year Economic Analysis 2012-13 India. Ministry of Finance. Economic Division 2013-02-14 The Mid-Year Economic Analysis 2012-13 is a flagship document of the Ministry of Finance, Government of India, which reviews the trends in receipts and expenditure in relation to the budget of the second quarter of the financial year 2012-13. It also analyses the deviations in meeting the obligations of the Government of India under the Fiscal Responsibility and Budget Management Act, 2003. In particular, the report covers growth trends, an appraisal of the state of the economy (macro and sectoral), assessment of central government finances, evaluation of human capital, and India's role in the context of the global economy. The Mid-Year Analysis is a precursor to the Economic Survey,

an annual document of the Ministry of Finance, which reviews the developments in the Indian economy over the past one year, summarizes the performance on major development programmes, and highlights the policy initiatives of the government and the prospects of the Indian economy in the short to medium term.

Goods and Services Tax Choon Ling Sim 2015
Metamorphosis -Service Tax To Goods Services Tax Monish Bhalla 2020-05-24 2006 to 2017 for 11 long years the Author wrote a weekly column in the leading English daily DNA- "Service Tax Simplified" Every week a recent burning issue, a new current problem and the challenge for finding a solution. A solution which had to be simple, in lucid, layman language. Many of his professional colleagues asked him why he gives a free solution in public!! What he achieve in giving free advice? And His response-A SMILE ! Because that's what he give to his readers when they find their solutions, a smile on their tense faces. If his articles have brought back the smiles on the reader's faces, if his articles have assisted them to resolve their service tax issues

with the department, without spending a penny; if many articles have enriched the knowledge of his learned friends-chartered accountants, consultants, tax professionals and his friends working with the service tax department, then my efforts have been awarded. He has learned that Life is a journey, a journey with no destination. It is this voyage one needs to learn to enjoy. As you read this compilation of over 450 articles, you will experience the evolution of service tax, as if a small caterpillar has metamorphosed into a butterfly.

India in Search of Glory Ashok Lahiri

2023-01-23 India and the Indians have made some progress in 75 years after Independence.

The number of literates has gone up. The Indians have become healthier and their life expectancy at birth has gone up. The proportion of people below the poverty line has also halved. But the shine from the story fades when India is compared with that of the East Asian Tigers and China. It looks good but not good enough. India looks far away from the glory it seeks. This issue forms the core subject matter of this book. It tries to argue why India could not achieve more and what all it could have achieved. It paints a picture of its possible future and highlights the areas that need immediate attention.
