*The mother tongue. Book 3, by J.H. Gardiner, G.L. Kittredge and S.L. Arnold* John Hays Gardiner 1902

**Developing Strategic Writers through Genre Instruction** Zoi A. Philippakos 2015-05-07 This highly practical guide offers a systematic approach to instruction in the three main writing genres--narrative, persuasive, and informative--that students in grades 3-5 are expected to master. Ready-to-use lesson plans and materials are grounded in research on strategy instruction and self-regulated learning, and connect with learning standards. Presented are ways to teach students strategies for planning, drafting, evaluating, revising, editing, and publishing writing in each genre, while making connections between reading and writing. Sixty-four reproducible planning forms and student handouts are provided; the large-size format facilitates photocopying. The Appendix contains a Study Guide to support professional learning. Purchasers also get access to a Web page where they can download and print the reproducible materials. **Writing and Grammar: Ruby level (11)** 2001 State-adopted textbook, 2001-2007, grade 11.

**Essay Writing** MunLing Shields 2010-03-03 Essay Writing offers both staff and students a solid reference for one of the main methods used for assessing knowledge and understanding - the written essay. In contextualizing essay writing within the larger university experience - communication, the academic culture, different learning styles and approaches and learning and teaching at university, this book helps students to study more independently, learn more meaningfully and to write first-class essays.

**College Writing Skills with Readings** John Langan 2003 College Writing Skills with Readings, Third Canadian Edition will help students master the traditional five-paragraph essay and variations on this essay structure. It is a very practical book with a number of special features to aid instructors and their students. Four principles are presented as keys to effective writing -- unity, support, coherence, and effective sentence skills. Activities and assignments are numerous and varied; nearly two hundred activities and tests are included. The emphasis on logic and the pursuit of ideas and explanations in a sequential manner starts in the first chapter. Students are introduced to the two principles that are the bases of clear thinking and writing: making a point and providing support to back up that point. Each section of the book deals with a distinct aspect of writing. Instructors can therefore turn quickly and easily to the skills they want to present.

**The Essentials of Academic Writing** Derek Soles 2005 Provides: thorough coverage of the most important phases of academic writing-- from planning and research through revising and proofreading; five carefully annotated academic essays by students and well-known authors

as models of narrative, expository, and argumentative writing; and thirteen additional sample essays, both student and professional, and an engaging case study of a student research paper.
