Christopher Marlowe: Every Word Doth Almost Tell My Name Cynthia Morgan 2022-07-25
These essays from The Marlowe Studies give the Shakespeare authorship evidence for Christopher Marlowe that has been overlooked by traditionalists resistant to the idea someone other than the Stratford man wrote the works. While the authorship debate continues, the words of Shakespeare himself sit silent on the sidelines. The essays herein bring his words into the spotlight and interpret them within the Marlowe context, so readers can decide for themselves whose autobiography they voice. Whether or not we believe Marlowe was the man behind a pseudonymous Shakespeare name, no invention is needed to see that these sonnets and plays answer our questions about his character, Baines's Note, a staged death at Deptford, Thomas Walsingham, and the bestowal of the pseudonym. The essays also offer a new explanation for cryptic Sonnet 112, new information about the man who sued Marlowe for assault, a look at the literary similarities between Marlowe and Shakespeare, an examination of the "heretical" papers in Kyd's room, and an exploration of Marlowe's Cambridge education that reveals how it shaped his plays and his ideas about religion. Signals for Marlowe being the true author of Shakespeare's works are found in Ben Jonson's authorship clues, the clues in *As You Like It* and *Hamlet*, and the eighteen clues in the Inductions to *The Taming of a Shrew* and *The Shrew*. Evidence is also given for Marlowe's authorship of *Venus and Adonis*, the King Henry VI trilogy, and three

anonymous plays: *Edward the Third*, *The Troublesome Raigne of King John*, and *The Famous Victories of Henry the Fifth*.

The Proof Stage Stephen Abbott 2023-07-11 "The proof stage is the story of the unexpected collaborations and resonances between theater and mathematics and how they have evolved since the turn of the twentieth century. Toward the end of the 1800s, unsettling discoveries about alternate geometries and the mathematical infinite began to reveal that, despite its reputation for absolute certainty, mathematical truth is not immutable. At the same time, new, experimental forms of theater were rapidly developing-some inspired by these very upheavals in mathematics. Both disciplines were, and are, characterized by a quest for truth and a shared ability to investigate their respective limitations. Stephen Abbott provides

the first systematic, book-length treatment of the interactions between mathematics and theater that have occurred over the last 120 years. Drawing on the author's fifteen years of experience researching and teaching a course on the subject, the book examines how the two disciplines reveal novel insights about one another. *Stages of Uncertainty* follows the path of playwrights that engaged mathematics such as Alfred Jarry, Stanislaw Witkeiwicz, Samuel Beckett, Bertolt Brecht, Felix Durrenmatt, Tom Stoppard, Micheal Frayn, and Simon McBurney. Intertwined with this history is the history of mathematics; along the way, Abbott describes the development of quantum mechanics, chaos theory, incompleteness, and alternative geometries that occurred as these plays were being written. The main arguments are that these two domains have deep resonances, including shared notions of uncertainty, self-reference, recursion, and orientation, and that theater has engaged deeply and innovatively with math for many years. Abbott reveals a unique portrait of mathematics, one that is unexpected and deeply human"--

Christopher Marlowe and Edward Alleyn A. D. Wraight 1993 Wraight's subject, Christopher Marlowe and the Elizabethan theatre world that he dominated in a theatrical partnership with the gifted, young actor Edward Alleyn, develops into a long-awaited definitive biographical study of Alleyn's theatrical career, spanning to the end of Queen Elizabeth's reign, during which he continued to act Marlowe's great roles. In particular, this book poses vital questions for Shakespearean scholars which this research has brought to light in the revelation of the true identity of "Shake-scene," who was so vituperatively attacked by the dying dramatist Robert Greene in his *Groatsworth of Wit* in September 1592.
