[CliffsNotes on Hersey's Hiroshima](#) Susan Van Kirk 1980-01-01 The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this

series also feature glossaries and visual elements that complement the classic, familiar format. CliffsNotes on Hiroshima captures the essence of the novel, which is based on detailed interviews with survivors of the bombing. Hiroshima takes the extraordinary and inexplicable event and show how it impacts six ordinary human lives. Author John Hersey personalized the event so that Americans, as well as a worldwide audience, could begin to understand the repercussions of the detonation of the atom bomb. This concise supplement to Hersey's Hiroshima helps you understand the overall structure of the novel, actions and motivations of the characters, and the social and cultural perspectives of the author. Features that help you study include Chapter-by-chapter summaries and commentaries A map of Hiroshima that shows the location of the main characters and areas of greatest destruction A glossary that

SCM Studyguide: Philosophy and the Christian Faith Ben Pugh 2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new. The goal-posts keep changing. This study guide will equip theology students to understand the culture-shaping beliefs that are driving the kinds of questions it brings to faith. It will be an historical overview of the key stages in the history of Western philosophy with each section

carefully tracing the genealogical line of ideas and the Christian responses to them, right up to the present day. For most theology students, learning abstract philosophical concepts involves literally learning a new language, a language that the initiated converse in with ease but which leaves the uninitiated baffled. Thus, each chapter in this study guide opens with a glossary of terms. Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts - for example, they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism, or to describe how something very like the extreme subjectivity of idealism can sometimes show itself in Sunday morning worship.
