The Defense Financial Manager Rolfe E. Ashworth 2001-03-01 Recognizing the need to improve the capabilities of the Department of Defense (DoD) financial management workforce, the American Society of Military Comptrollers (ASMC) has developed an exam based certification program for DoD financial management personnel, the Certified Defense Financial Manager (CDFM) Program. The purpose of this thesis is to (1) assess how well

the Naval Postgraduate School Financial Management curriculum covers the body of knowledge requisite to pass the CDFM examination; (2) recommend options to improve coverage; and (3) develop a student reference guide to aid students in preparing for the exam. The core competencies, knowledge elements, and specific topics that comprise the CDFM body of knowledge were identified through an extensive literature review. Key NPS faculty members were surveyed to assess the level of coverage the Financial Management curriculum provided. The results of the assessment show that the Financial Management curriculum covers approximately 80% of the knowledge requirements in varying degrees, but doesn't provide sufficient coverage of enough of them to fully prepare graduating students to pass the CDFM exam.
