Learner Voice offers fresh, forward-thinking supports for teachers creating an empowered, student-centered classroom. Learner agency is a major topic in today's schools, but what does it mean in practice, and how do these practices give students skills and opportunities they will need to thrive as citizens, parents, and workers in our ever-shifting climate?

Showcasing authentic activities and classrooms, this book is full of diverse instructional experiences that will motivate your students to take an agile, adaptable role in their own

learning. This wealth of pedagogical ideas - from specific to open-ended, low-tech to digital, self-expressive to collaborative, creative to critical - will help you discover the transformative effects of providing students with ownership, agency, and choice in their learning journeys.

Now in its second edition, *Well Played, Grades 3-5* offers twenty-five engaging games and puzzles which have all been field tested in diverse classrooms. Additionally the materials for each game and puzzle have been streamlined, making preparing for and managing game and puzzle play even easier. vignettes and tips that model how to introduce the featured game or puzzle Exit card choices and student work examples that make real-time assessment a meaningful part of teaching with games and puzzles New full-sized appendices of all game boards, puzzles, and other materials make preparing for play an easy task. A built-in study guide at the end of each chapter makes this book an ideal choice for book studies and collaborative teacher learning. *Well Played, Grades 3-5* will help you tap the power of games and puzzles to engage students in sustained and productive mathematical thinking.
