Principles of Economics

Robert H. Frank 2004 Using a short list of core principles in-depth, this book presents concepts intuitively through examples drawn from familiar contexts. The authors introduce a short list of core principles and reinforce them by illustrating and applying each in many contexts.

Principles of Economics

Volume 1 of 2 Textbook Equity

Edition 2014-03-31 This is Volume 1 of 2, covering Chapters 1 - 23 of 34 chapters. Volume 2 covers chapters 24 - 34 plus the appendices. See WWW.textbookequity.org/principles-of-economics Excerpt: Principles of Economics is designed for a two-semester principles of economics sequence. The text has been developed to meet the scope and sequence of most

introductory courses. At the same time, the book includes a number of innovative features designed to enhance student learning. Instructors can also customize the book, adapting it to the approach that works best in their classroom. The pedagogical choices, chapter arrangements, and learning objective fulfillment were developed and vetted with feedback from educators dedicated to the project. They thoroughly read the material and offered critical and detailed commentary. The outcome is a balanced approach to micro and macro economics, to both Keynesian and classical views, and to the theory and application of economics concepts.
