Rebirth Jennifer Whitmer Taylor 2025-04-10
Reimagining both the House Museum and Reconstruction memory for the twenty-first century In *Rebirth*, public historian Jennifer Whitmer Taylor provides a compelling account of how to reenvision the historic house museum. Using the Museum of the Reconstruction Era—known as the Woodrow Wilson Family Home for most of its many years as a house museum—as a case study, Taylor explores the challenges and possibilities that face public history practitioners and museum professionals who provide complex interpretations of contested public memory. Anchored by oral history interviews with docents who interact directly with the visiting public, *Rebirth* considers how a dated and seemingly outmoded venue for interpretation, the historic house museum, can be reimagined for twenty-first-century audiences. Taylor offers best practices for interpreting issues such as white supremacy and domestic political terrorism for public audiences, and she challenges readers to contemplate how historic sites interact with and contribute to vital contemporary political conversations. *Rebirth* is a necessary book for public history practitioners, students of museum studies and historic site interpretation, and those interested in the history and memory of the Reconstruction era.

Tribe-Class Linkages Saqib Khan 2023-12-29

This book is a historical study of the development of agrarian class relations among the tribal population in Tripura. Tracing the evolution of Tripura and its agrarian relations from monarchy in the nineteenth century to democracy in the twentieth century, the book discusses the nature of the erstwhile princely state of Tripura, analyses the emergence of differentiation within tribes, and documents the emergence of the tribal movement in the state. It specifically focuses on the tribal movement led by the Ganamukti Parishad, beginning with the historic revolt of 1948-51 against state repression on the tribal people, followed by the mass movements in the 1950s and 1960s, which were founded on a recognition of class relations and the slogan of unity across the tribal and non-tribal (Bengali) peasantry. The first of its kind, the book will be indispensable for students and researchers of tribal studies, agrarian studies, exclusion studies, tribe-class relationships, minority studies, sociology, development studies, history, political science, north-east India studies, and South Asian studies. It will also be useful for activists and policymakers working in the area.
