National Assessment of Educational Progress

1969-1983 Theodore B. Pratt 1984 During its first 14 years of existence, the National Assessment of Educational Progress (NAEP) was located at the Education Commission of the States (ECS). This annotated bibliography of 575 references lists all major publications by or about NAEP published between 1969 and 1983. References are in a classified arrangement, by specific or special assessment. Documents not dealing with a specific assessment are grouped by: Methodological Publications; Special Analyses; and General and Miscellaneous. Materials by NAEP are separated from materials about NAEP done by external organizations. Subject, Personal Author, and Preparing Institution indexes are provided. The compilation is based on materials (documents and journal articles) archived in the database of the Educational Resources Information Center (ERIC), and therefore most documents cited can be obtained through the ERIC Document Reproduction Service (EDRS).
