Nursing Fundamentals DeMYSTiFieD: A Self-Teaching Guide Bennita Vaughans 2010-07-06 Nursing success begins with the fundamentals! Nursing Fundamentals Demystified offers a fast and interesting way for you to understand the foundational concepts and information that will be the cornerstone of your entire nursing education and career. It helps you sort through the mountain of information nursing students face and focus on the essentials - that which you truly must know to be a successful nurse. You'll also learn how apply this information to real-world clinical situations. In order to make the learning process as effective as possible, you'll find learning aids such as chapter objectives; key terms, tables and boxed information which summarize important concepts; nursing alerts which spotlight critical safety information; nursing care plans in selected chapters which help you identify key assessment data, nursing diagnoses, and interventions; selected procedure tips to assist you with the clinical application of content, questions that appear throughout each chapter to help you evaluate your comprehension; and NCLEX®-style questions at the end of each chapter. Get a working understanding of these important concepts: The nursing process, Communication and Documentation, Vital sign assessment, Health assessment, Medication Administration, Safety, Skin integrity, Activity and mobility, Sensory and cognition, Sleep and comfort, Oxygenation, Nutrition, Fluid, electrolyte, acid-base balance, Urinary elimination, Bowel elimination, Psychosocial needs

SALIENT FEATURES - Fully compliant to the INC curriculum - Easy-to-read, interesting and involving disposition, which leads the reader through various facets of nursing foundations/fundamentals - Improved layout, design and presentation - A number of photographs replaced with the Indian ones to provide regional feel to the content - Long Answer and Short Answer questions added at the end of every chapter

*Foundations of Nursing* Barbara Lauritsen Christensen 2003 An ideal companion text to Adult Health Nursing, this clearly-written, colorful, and attractively-designed resource has all the fundamentals and skills - maternal and neonatal, pediatric, geriatric, mental health, community,

and leadership content - needed to educate LPN/LVNs. Used together, these two texts provide all the content covered in the entire LPN/LVN curriculum. Skills for a wide range of nursing care are presented in a straightforward, step-by-step format with nursing actions and rationales clearly defined. Clinical Pathways are discussed and explained. Nursing Care Plans include critical thinking questions and are developed around specific case studies with an emphasis on patient goals and outcomes. The nursing process is applied consistently and logically to the discussion of disorders, and appears in complete summary form at the end of applicable chapters. Nursing Diagnoses paired with disorder-appropriate Nursing Interventions are screened and highlighted. Therapeutic Dialogue boxes focus on communication through real-life examples of nurse-patient dialogue. Patient Teaching boxes examine discharge instructions and health promotion for patients and families. Home Health Considerations boxes discuss issues facing patients and caregivers in the home care setting. Older Adult Considerations boxes bring a gerontologic perspective to the analysis of specific disorders. Cultural and Ethnic Considerations boxes teach students about specific cultural preferences and how to address the needs of cultural diversity when planning nursing care. Medications tables provide quick access to action, dosage, precautions, and nursing considerations for commonly used drugs.
