Core Science Lab Manual with Practical Skills for Class IX V. K. Sally 2019-01-01 Goyal Brothers Prakashan

Laboratory Manual for Science □ 10 A. K. Raj
Laboratory Manual for Science is a series of five books for classes 6 to 10. These are complimentary to the Science textbooks of the respective classes. The manuals cover a wide range of age-appropriate experiments that give hands-on experience to the students. The experiments help students verify scientific truths and principles, and at the same time, expose them to the basic tools and techniques used in scientific investigations. Our manuals aim not only to help students better comprehend the

scientific concepts taught in their textbooks but also to ignite a scientific quest in their young inquisitive minds.

Chemistry is all about conducting various experiments and having a deep study about them. This deep analysis and study cannot solely be done with theories, and practical experiments are necessary for better skill development of the students. Considering this, every year CBSE conducts the chemistry practicals in addition to the theory examinations. This class 12 chemistry lab manual contains all the essential information that the students will

require while commencing the practicals. CBSE class 12th, chemistry lab manual has been prepared strictly according to CBSE guidelines which follows the NCERT and other State Board curriculum. All the experiments in this lab manual have been given in a simple, lucid and interactive manner. The theory given with each experiment gives complete knowledge of each term, concept and definition in order to provide a compact knowledge to the students at one place. Viva-Voce questions are given with each experiment to test students' understanding of related experiments. Mr. Kaushalesh Dwivedi, is the author of this complete lab activity book for class 12 chemistry. All the lab based experiments have well-labeled diagrams which clearly demonstrate the details of the apparatus that are used, the correct way of handling Laboratory apparatus and perform the experiments methodically. The basic purpose of this lab manual is to provide the students with appropriate guidance so that they can easily

understand, carry out, and document the experiments in the Science Laboratory. The Lab Manual comes with practical lessons followed by Lab experiments after each chapter, projects and Notebook for jotting down all the essential information. The aim of this Science Lab Manual is to help class 12 students to prepare and understand the complex chemistry concepts through experimental approach by utilizing pedagogically enhanced content of the lab manual and with a compact knowledge base for improving their analytical, experimental skills and learning abilities.
