Would you like to gain financial freedom and eventually quit your day job? Are you new to investing and looking for expert guidance to help you enhance your skills? If you're ready to take your fortune into your own hands by making smart investments, this is the book for you. Read on! Forex, also known as exchange or FX, involves buying and selling different currencies with the aim of earning profits based on fluctuations in the values of these currencies. This essential guidebook empowers you to understand the ins and outs of forex trading, develop winning strategies and identify the indicators necessary for success. While stock market investments can generate a great deal of profit, the average investor actually loses money over the course of a year. Effective trading requires applying specific strategies and developing a certain mindset. Trading blindly is nothing more than gambling --- and not worth the risk. The forex market is the largest market in the world. Because it is decentralized and even bigger than the stock exchange market, forex attracts a large number of traders, from beginners to experts. This makes finding a buyer or seller easier than in other trade markets. Despite the inherent risks that come with any type of trading, Forex offers many advantages, from leverage to fast returns to simple tax rules. In the past, traders had to go through brokers. Today, advancements in technology enable traders to transact directly using trading platform software and apps. In this guidebook, David Reese will guide you step-by-step with powerful tactics for accessing the foreign exchange market and its great potential to become a highly lucrative stream of income. You will learn all about: Day trading and swing trading strategies in the forex market How to take advantage of volatility and liquidity The greatest benefits of forex trading Approaches to fundamental analysis, explained in plain English Simple day trading strategies that work Recommendations for the best tools and software to assist you The most common mistakes to avoid And much more! The time-tested practices in this book are simple to follow. If you are willing to put forth the effort, with focus and persistence you'll start to see and benefit from the results. Forex - The Basics Explained in Simple Terms Zach Raymond 2016-09-26 There was a time when the stock market was a confusing, irritating place full of people who either made it, or people who didn't. You fell into one of two categories, and you were either top dog, on top of your game, or you were someone who bought stocks that never went anywhere, or worse. But that was all before. Now, the stock market is for everyone. Now, you can get on the market and dive into a world like none you have ever seen. You can purchase, invest, sell, make a profit, lose money... and in every way engage in the system without any prior kind of experience of any kind. So, more and more people are taking this leap, and diving into this exciting new world. Until they log on and see just what is involved. It's not that it's hard. It's not that they can't do it, and it's not that you have to know all kinds of secrets to succeed. No. the problem is that you need to understand what you are doing, and apply what you know to the decisions you make. But, how can you understand if no one has ever explained it to you? How can you know you are making the right choices if you don't know what the terms mean, or what the people are saying to you? How will you know for sure you are doing the right thing if you don't know for sure what you are talking about? You don't. But thankfully, that is all about to change. I am going to show you how you can take the stock market by the horns, and what you can do to succeed in your trading, all without any prior experience. Learn how the stock market works and how you can use it Learn the basic terms required specifically for Forex trading Use your skills to grow your investments and rise to the top Get there without any prior skill or experience! And more! Tags: Forex Pairs, Investing, Business, Make Money, Forex Strategy, Price Action Strategy, Stock Analysis, Professional Stock Trading, Forex Trading, Stock Market"

The Foreign Exchange Currency Market, more commonly referred to as the Forex Market, is the largest investment market in the world, bar none. Every day it sees more than four

trillion dollars' worth of trade or about 10 times what the New York Stock Exchange can expect on a regular day. Despite the size of the market and the extensive amount of trading that it sees on an average day, it was historically quite difficult for the average investor to track down the required information quickly enough to trade in the market effectively. This is no longer the case today, however, as the internet has made it possible for anyone to get in on the action and take advantage of the 50 to 1 leverage opportunities that it provides.
