The South Asian edition is comprehensively updated to customize and keep pace with South Asia's health care environment by including Indian/Asian epidemiologic data of common diseases and disorders, flowcharts of pathophysiologic processes of various diseases and disorders and psychosocial concepts, which is contemporary to South Asian scenario. Furthermore, essential medical-surgical nursing content and diseases/disorders, which are specific to South Asia, are added to make this textbook most suitable to South Asian learners.

Women In The Cities Of Asia James T Fawcett 2019-03-20 Women in Asia are on the move. The migration of women from village to city has increased dramatically in the past decade, and many of these new migrants are young single women seeking jobs. In several Asian countries, women migrants now outnumber men by a substantial margin. Along with the physical movement from rural to urban areas come new roles
