The Fun Seeker's North America Alan S. Davis 2003 The predecessor to Pulse Guides' popular, ground-breaking Night+Day series, Fun Seeker's guides lead fun-loving, adventure-seeking travelers to the best hotels, restaurants, attractions, and nightlife around the world. Inside every Fun Seeker's guide is the best of the best: "The Perfect City," listing the best of the best in 33 categories, complete with insider tips, along with "The Perfect Plan," spotlighting three-day itineraries and detailed recommendations for all there is to do, that will keep travelers on their toes from morning until night.

The Atlantic City Gamble George Sternlieb 1985 In November 1976, the state of New Jersey embarked upon a bold experiment when the voters approved a referendum to authorize casino gambling in Atlantic City. Expectations were high: the gaming industry could rejuvenate a dying city core, employment would swell, the tax base would broaden and welfare rolls diminish, tourism might spread through the state, and the cruel spectacle of a poverty-stricken community would be eliminated. The Atlantic City Gamble reports the results of this experiment and evaluates casinos as a tool for economic revitalization, a painless source of revenue. The casinos are enormously profitable-but for whom? The city has paid a huge toll in human and economic hardship. There are 30,000 new jobs, but little spillover into non-casino employment. Crime rates have skyrocketed. Housing has been priced beyond the reach of minority groups and the elderly. In 1982, the casinos paid more than \$117 million in state taxes, but much of the projected bonanza to Atlantic City has been swallowed by the industry's need for expanded municipal services, such as police protection. Fears of the old connection between gambling and organized crime may be exaggerated, but few can deny that the gaming industry-with its immense daily cash flow-harbors a vast potential for corruption. The state promoted visions of a glorious rebirth, but it failed to provide a governing mechanism that could produce the promised rewards. Would better planning and research enable any government to cope with such instant large-scale business and the political clout it carries? Economic strangulation has motivated at least eight other states to think about letting in casinos. The decisions they make will have far-reaching social and economic consequences, and must be based on a set of facts as accurate and comprehensive as possible. In searching out the lessons of Atlantic City, the authors have provided a sobering glimpse into the intricacies of legalized gambling.

Planet Vegas Rick Browne 1995 Planet Vegas is the most spectacular and comprehensive photographic celebration of Las Vegas ever undertaken. In more than 200 stunning color photographs, from twenty of the world's leading photojournalists, Planet Vegas captures the beauty, grandeur, and complexity of this glorious fantasy land of neon lights, free-flowing cash, and unrivaled showmanship. Once known as "Sin City" for its casinos and bawdy stage shows, Las Vegas has transformed itself again and again to become the grandest and most audacious capital of family entertainment the world has ever known. But Las Vegas is no longer just America's premiere showplace, it is also the country's fastest growing city and home to the hundreds of thousands of ordinary people who make the city run and give it its spirit. Planet Vegas takes us deep into both of these worlds in dozens of stunning images, showcasing the rich and varied sights and sensations that could only be found there: the giant sphinx poised outside the pyramid-shaped Luxor hotel and casino, Siegfried and Roy at home on their ranch surrounded by royal white tigers and a pure white lion, a glimpse behind-the-scenes

of the world's largest buffet, the stark, natural beauty of Red Rock Canyon, Elvis Presley look-alikes by the bushel, the majesty of the luminescent fountains outside Caesars Palace, the heavily guarded casino counting rooms, through which millions of dollars in cash and chips pass each day, and the Stratosphere Tower, the tallest free-standing building west of the Mississippi. Planet Vegas also shows us scenes from the Las Vegas most visitors never see - images of the people who grow up, get married, go to work, have babies, and live just like everyone else.
